

Conferences 2000

Sigma XI 2000

28 April, Philadelphia, PA

11th Annual St. Joseph's University Student Research Symposium. The symposium draws some 200 people from more than a dozen colleges, universities and research institutions in Pennsylvania, New Jersey, Maryland, Delaware and New York. This year's keynote speaker is Jonathan Weiner, Pulitzer Prize winning author of "The Beak of the Finch" and his latest book, "Love, Time, Memory".

American Society for Engineering Education (ASEE) 2000

18-21 June, St. Louis, MO

This year's conference theme is "Engineering Education Beyond the Millennium," and will feature main plenary speakers who work as teachers and researchers in a field often cited as a convergence point for technology in the not-so-distant future: bioengineering.

North American Case Research Association (NACRA) 2000

12-14 October, Orlando, FL

The conference helps to develop the cases which will appear in the *Case Research Journal*, other journals, and textbooks. Cases, case-related papers, and proposals are invited from all fields that use cases as part of their teaching methodologies. Decision-oriented, field-researched cases are especially welcome.

Frontiers in Education (FIE) 2000

18-21 October, Kansas City, MO

The 2000 Frontiers in Education Conference (FIE 2000) continues a twenty-nine year tradition of promoting the widespread dissemination of innovations in engineering and computer engineering education.

The American Society of Mechanical Engineers (ASME) 2000

5-10 November, Orlando, FL

International Mechanical Engineering Congress & Exposition, Walt Disney World Dolphin, Orlando, Fla., (212) 591-7037

www.asme.org

Decision Science Institute (DSI) 2000

18-21 November, Orlando, FL

"Decision Making in a Wired World" is the theme for this year's conference. The Institute's 2000 Annual Meeting provides opportunities for the dissemination of research results as well as innovation in teaching and curriculum. Competitive paper submissions and proposals for special sessions (workshops, tutorials, and panel sessions) are welcome in all areas of the decision sciences.
